OVERVIEW OF YMIC

What?

Youth Ministry in Communion (YMIC) is a pioneering and collaborative youth project within the Church of England. Formed in Easter 2021, this multi-parish youth network was established to test ideas and evaluate an effective working model for youth ministry within sacramental church contexts, where there is a severe lack of existing youth provision. The aim is to enable young people (aged 11-18) to encounter the Christian faith and grow within the love of God.

Why?

Youth ministry in the Church of England faces a significant challenge. The low attendance and engagement among young people within the church is striking, which is exacerbated by a lack of youth workers and resourcing. This challenge is especially apparent in churches within the sacramental tradition, where church decline is faster amongst under 16's than any other generation. For those churches with larger numbers of young people, 71% of these are within evangelical settings, with only 10% within the sacramental tradition. There is, therefore, a continued need for more intensive resourcing of youth ministry within the sacramental tradition.

How?

Attractive Large-Scale Youth Events. The foundation of the project is offering good youth provision. Central to this is the delivery of three annual, large-scale, youth events (Advent, Easter, and Summer) for young people who are regular members of our partner parishes, as well as those with no or limited connection to the church.

These youth events are high-quality, exciting, and engaging, crucially attracting a critical mass of young people, whilst giving a platform to stimulate and encourage local parish youth work. These events have grown in popularity and now attract 100+ teenagers per gathering.

Residentials Our residentials complement the large-scale events by providing a context in which to deepen relationships and faith over an extended period, as well as offering new life-experiences. These have been hosted at outdoor activity centres across the country, as well as Taizé in France. Last year's October residential was attended by 45 young people.

Local Development Alongside these gathered provisions, we support, encourage, and equip partner parishes in developing their local youth ministry. A central aspect of the project is employing part-time youth workers to be placed within partner parishes.

Support Network/ Learning Community We have developed a support network for clergy and laity involved in youth work. This provides a space for people to gather in person and join remotely to share, support, and pray for one another, whilst being equipped with training, skills, resources, and confidence to offer good youth ministry in their context.

LIFE AT ALL SAINTS, FULHAM

About All Saints

All Saints is a church thriving and growing in the liberal catholic tradition of the Church of England. This tradition, the gift of music, a passion for social justice and a longing to reach out with the love of God in our community and beyond, are the hallmarks of our ministry at All Saints. Central to this, there has been a long commitment to and flourishing ministry amongst children and families. This has given birth, over time, to a biweekly playgroup, popular holiday clubs, close links with schools, and a flourishing worshipping community who gather around our Sunday 9:30am Family Service, amongst other things.

Over the last three years, and with the help of the YMIC partnership, we have been able to develop additional work for youth and older young people, in order that there really is something to support people of all ages in their growth in faith and life as disciple at All Saints. The new Network Youth Worker would inherit this strong foundation (detailed further above) and, we pray, further strengthen and build on it for a new season. They will join a great team in the parish, who are committed to this vision and are great fun to work with, working especially closely with our experienced Children and Families' Worker.

Our Wider Priorities

'All Saints All People' have been four words that have guided much of what All Saints has strived to be and do over time, and still do. At present, we are nearing the end of a process to discern the particular values and vision God is giving to us for the next ten years. However, some elements which have emerged from our prayer, consultations and conversations around this include:

- Growing our engagement with missing age-groups, especially late teens and young adults.
- Connecting with other faiths.
- Becoming more outward looking and active in tackling Fulham's considerable social inequalities, and growing our work amongst the vulnerable and socially isolated.
- Increasing points of connection with those who work in or pass through the parish (e.g. commuters, football fans, visitors to Fulham Palace and Bishop's Park).
- Developing discipleship, small group fellowship, and lay ministry.
- Working proactively towards Carbon Net-Zero.

Our Young People

Speaking with our young people about what they would like in a new Youth Worker, they look forward to welcoming someone who is:

- Nice
- Fun
- A positive person
- Interesting
- Chilled out
- Patient
- And, not annoying!

We look forward to hearing from you. In the meantime, please be assured of our prayers for those of you reading this pack and discerning whether God may be calling you to this exciting work with YMIC and All Saints.
